## Green Isle is runnerup at state tournament

It was a great run, but the Green Isle Irish baseball team came up one victory short of a state championship. The Irish lost to Crow River Valley Baseball League rival Plato 14-6 in the championship game of the Minnesota State Class C Amateur Baseball Tournament at Watkins on Monday afternoon, Sept. 7.

The Bluejays grabbed an early 2-0 lead in the top of the first inning. Leadoff batter Chris Odegaard hit the second pitch of the game off Green Isle starting pitcher Alex Twenge over the left field fence for a home run. Two outs later, Plato plated one more run on singles by Nolan Lepel and Ben Slater and a Green Isle error.

The Irish countered with four runs in the bottom of the first inning. Zach Herd and Lucas Herd drew leadoff walks off Plato starting pitcher Chris Odegaard. Zach Herd scored moments later when Mac Zachow followed with a double and knocked Chris Odegaard out of the game.

Alex Twenge greeted Winsted draftee and reliever Tony Kley with a double as Lucas Herd scored and knotted the game at 2-2. Two outs later, the Irish grabbed a 4-2 lead when Zachow and Alex Twenge scored on a single by Axel Twenge.

Green Isle increased its lead to 6-2 in the bottom of the second frame when Lucas

Herd drew a two-out walk and scored on a towering home run by Zachow over the right field fence.

Plato countered with 12 unanswered runs off five Green Isle pitchers during the remainder of the game for the 14-6 win.

Kley, meanwhile, did not allow a Green Isle hit after the second inning.

Zachow powered the Irish at the plate with a RBI double and a two-run homer. Alex Twenge ripped a RBI double while Axel Twenge had a two-run single.

Alex Twenge pitched the first three innings and yielded one earned run on six hits. He also fanned three and walked one.

Brownston draftee Ryan Grams worked the next 1 1/3 innings and was tagged with the mound loss. The right hander surrendered six earned runs on five hits.

Pat Gullickson hurled the next 2 2/3 innings. He gave up two earned runs on five hits. He also struck out two and walked two.

Young America draftee Jordan Kohls pitched the eighth inning and surrendered one earned run on two hits. He fanned one and issued one walk.

Watertown draftee Josh Anthony worked a scoreless ninth frame.

Joe Nix sparked Plato's offensive attack with four hits while Chris Odegaard, Matt Odegaard and Lepel con-

tributed three hits each.

Kley pitched nine innings for the Bluejays and posted the mound victory. The right hander surrendered three earned runs on three hits. He also struck out seven and walked two.

"We had a great year," said Green Isle co-manager Joe Kreger. "To win the tournament is a grueling task, having to win four games the last weekend. We were one pitcher short of being able to do this. Hats off to Plato. Ironically when they won our region tourney and were able to draft Tony Kley, it gave them that extra pitcher that they needed."

The Irish completed the season as champions of the South Division in the Crow River Valley Baseball League and with a 36-8 record overall.

### All Tournament Team

Four members of the Green Isle Irish baseball team were chosen to the Class C All Tournament Team. The players included Zach Herd, Lucas Herd, Mac Zachow and Alex Twenge.

Five Plato players were also selected to the All Tournament Team. They included Chris Odegaard, Matt Odegaard, Ben Slater, Tyler Lang and Winsted draftee Tony Kley.

Kley was also chosen as the Tournament Most Valuable Player.

## Harder declines pay raise

**By Amy Newsom  
Correspondent**

The Sibley County Commissioners, during their regular meeting on Tuesday morning, Sept. 8, approved a two percent market adjustment for commissioner salaries for 2016.

The 2016 salary for a Sibley county commissioner will be \$26,763 with the exception of Commissioner Bobbie Harder. Harder requested that she not receive the two percent adjustment. She does not want her position as a county commissioner to be "a money making deal" and would rather see the money go towards employees' salaries or cutting costs.

### Wage Proposal #2

The Sibley County Board approved 2016 wage proposal #2.

Wage proposal #2 will move employees who have been with Sibley County for 12 or more years up to the 50 percent or mid-range point of the 2016 pay range.

It will also move staff who have been employed with Sibley County for six or more years up to the 25th percentile of the 2016 pay range. Both of these changes will take effect Jan. 1, 2016. The estimated wage cost for this change is \$229,000.

Harder said that she has heard good things about the increases in salaries at Sibley County. Harder said that it's about keeping good people in Sibley County. County

Commissioner Jim Swanson also stated that Sibley County's pay should now be competitive.

### Preliminary Levy

The Sibley County Board approved a 2016 preliminary

levy increase of 3.95 percent or \$485,002 over the 2015 levy of \$12,293,594. The Board approved the preliminary levy which means that the increase cannot be more than 3.95 percent, but could still be less. The final levy will be presented in December.

### \$5,000 Donation

The Sibley County Board accepted a \$5,000 anonymous donation to the Sibley County Library Board.

The five libraries in Sibley County will each receive \$1,000 to be spent on supplies, books and events for pre-school aged children.

### County Ditch 39

The Sibley County Board awarded the contract for County Ditch 39 repair to Holtmeier Construction, Mankato, in the amount of \$217,153.15. Holtmeier was the lowest of four bids, but still 11 percent over the engineer's estimate of \$195,166.00.

Bill Helget of Bolton & Menk, Inc. recommended accepting the bid even though it was over the engineer's estimate because he did not believe that re-bidding the project would result in more bids or more competitive bids.

### Letter To Mark Dayton

The Sibley County Board approved sending a letter to Governor Mark Dayton stating their disappointment with the procurement decision removing South Country Health Alliance (SCHA) as a medical assistance provider in Sibley County.

The letter states that the change will affect nearly 2,000 Sibley County residents. Sibley County will

also lose grant funds from SCHA. Grant funds have been used to hire an interpreter and to pilot a community health worker position. SCHA also provides incentives for preventive care in Sibley County which have included free car seats and discounts for members using local health clubs.

The Sibley County Commissioners requested that Governor Dayton and the Commissioner of Human Services reconsider the procurement decision.

### Flood Repair Projects

The Sibley County Board awarded the contract for the CSAH 12 flood repairs in Jessenland Township to Mathiowetz Construction Company, Sleepy Eye, in the amount of \$276,686.70. Mathiowetz was the lowest of 5 bids and came in 37.54 percent under the engineer's estimate of \$443,007.00.

The Board also awarded the contract for CSAH 8 slope and culvert repair in Henderson Township to Mathiowetz Construction Company in the amount of \$40,736.50 which was the lowest of three bids, but 14.11 percent over the engineer's estimate of \$35,700.80.

The Board awarded the flood repair project on CSAH 6 in Faxon Township to Landwehr Construction Company, St. Cloud, in the amount of \$79,751.30 to replace the existing inlet with a larger structure. Landwehr's bid was the lowest of three bids, but 28.04 percent over the engineer's estimate. The new inlet will provide capacity

## Arlington City Council votes 4-1 to accept grant for a farmer's market

**By Kurt Menk  
Editor**

The Arlington City Council, during its regular meeting on Tuesday night, Sept. 8, voted 4-1 and adopted a resolution to accept a \$2,000 grant from the Statewide Health Improvement Project (SHIP) to fund the start up costs for an Arlington Farmer's Market in 2016.

The regular meeting was held on Tuesday night, Sept. 8 due to the Labor Day holiday on Monday evening, Sept. 7.

City Council members Michelle Battcher, Jim Heiland, James Jaszewski and Jennifer Nuesse all voted in favor of the motion.

City Council member Galen Wills voted against the resolution.

Wills said the farmer's

market would compete against the local grocery store and a gentleman who sells produce just outside of town. Wills also emphasized that the grant is just for one year.

City Administrator Liza Donabauer said the Parks Committee recommended the move.

The Sibley East Community Education, she said, would possibly partner with the City of Arlington in this endeavor.

Donabauer added that the plan is to also ask the Arlington Area Chamber of Commerce to possibly partner in the venture.

### Conditional Use Permit

The City Council unanimously adopted a resolution to approve a conditional use

permit to allow minor auto repair at 307 Fifth Avenue Northwest which is the location of Liberty Station along Highway 5 in Arlington.

Property owner Jim Heiland and business operator Duc Gguyen, proposed property owner/lessee, submitted the request to operate a minor auto repair operation at the location.

The conditional use permit is based on several standards and limitations.

The City Council made the move based on a recommendation from the Planning and Zoning Committee.

The Arlington City Council will hold its next regular meeting at 6:30 p.m. Monday, Sept. 21. The following regular meeting will be held at 6:30 p.m. Monday, Oct. 5.

## Political outsiders rise to the top of the GOP presidential polls

**Our View: Republican voters are not happy with their party establishment**

In a recent national poll, three political outsiders have garnered 51 percent of the vote among potential Republican presidential hopefuls. These three individuals are Donald Trump, Dr. Ben Carson and Carly Fiorina.

The reason for the conservative backlash is very simple. Many Republican voters feel betrayed by the GOP establishment. The Republican elites have not only failed to keep campaign promises, they have ignored them. This comes less than a year after Republicans were given a majority in the Senate and added to their existing majority in the House of Representatives.

Trump, who speaks his mind, calls himself a builder and negotiator who gets the job done. His success as a business person speaks for itself. Trump receives a lot of free publicity because he is not afraid to talk about important issues like immigration that the establishment candidates have forgotten about.

Carson, who is intelligent and soft spoken, has a very impressive record as a retired world class surgeon. He has drawn some of the biggest crowds on the campaign trail and people are impressed with a down-to-earth talk and common sense approach.

Fiorina, who is also intelligent, has the business experience as a CEO of a Fortune 500 company. A lot of people believe she won the opening debate for lower performing candidates. Fiorina, who is not afraid to answer any question, will be part of the debate for top performing candidates in one week.

It's still way too early to cast any of these candidates as the GOP nominee, but an early trend has clearly been established and a strong message has been sent. The Republican establishment better take notice or there will be a political outsider on the ballot next fall.

### Politicians are failing us on the economy

By Lee H. Hamilton

A couple of months ago, the Congressional Budget Office issued a sobering report on the U.S. economy's long-term prospects. Not to put too fine a point on it, we're headed for the fiscal rocks.

Federal spending accounts for about 20 percent of the nation's GDP, the budget analysts note; if current trends continue, that will rise to fully 25 percent by 2040. Revenues will not keep up — they'll amount to only 19 percent of GDP.

Here's what the non-partisan CBO has to say: "Mainly because of the aging of the population and rising health care costs, the extended baseline projections show revenues that fall well short of spending over the long term, producing a substantial imbalance in the federal budget. As a result, budget deficits are projected to rise steadily and, by 2040, to raise federal debt held by the public to a percentage of GDP seen at only one previous time in U.S. history — the final year of World War II and the following year." We face a fiscal crisis of historic proportions.

Our presidential candidates can talk all they want about American prosperity and world leadership, but without a firm fiscal base it's just hot air. Unless we can stabilize the debt and put the country on a path of sustainable economic growth with prosperity evenly shared, we'll have no firm economic base for all those lofty goals to rest upon.

This means tackling a host of complex problems. We have to get long-term debt under control. We have to preserve Social Security yet

find a solution to rising entitlement spending, which will be a key driver of federal spending for decades to come. We have to deal with health-care costs, which pose the same challenge. We have to invest in skills, education, and infrastructure without breaking the bank. We have to craft a simpler, fairer, less intrusive tax policy that promotes economic efficiency and is conducive to long-term growth.

The people who have to do all these things are politicians who, thus far, have been unwilling and unable to take these obvious challenges head on. The problem is not with the system itself. Similar barriers have been overcome repeatedly in the past, with reforms in Social Security in 1983, taxes in 1986, and repeatedly in budget agreements.

Rather, the problem is that our leaders are divided between those who want to cut spending and those who want to boost taxes in order to expand government's role. Yet it's impossible to solve our problems by finding new revenues or cutting spending alone. Without doing both, we face a weakened future. It is unreasonable and unacceptable to try to continue our present course of trying to muddle through.

There's a reason that you don't hear much talk about this in Washington. Americans themselves want it all — lower taxes without significant cuts in federal spending. But here's the problem: Almost 60 percent of federal spending is accounted for by Social Security, Medicare and defense and national security. Add the 7 percent of the budget that

goes to interest on the national debt, and there's little room for significant progress without painful and difficult legislative action.

Political leaders should grasp these realities and act now. But they have not, so it's up to Americans to pressure them to do so. True, nothing will happen without presidential leadership. All issues will have to be on the table, because the pain needs to be shared broadly. And progress will require the adroit bipartisan participation of congressional leaders.

Instead, those who believe in a single path assure us that we need only wait until the next election and they'll get the forces they need. This is a pipedream. The electorate is too evenly divided and too volatile to sustain complete control by one side over several elections.

So really, it's up to the American people to demand action. We have to create the political will that drives our leaders to deal with these difficult economic problems — that leads them to tackle entitlements, health costs, investing in the future, and tax reform. The question is whether our political leaders are up to the task before our economy runs out of time.

### Kim Davis, marriage licenses and down the road

By Glenn Mollette

If you take a job for the government then you should abide by the rules of the job. If you don't agree with the rules then you should resign. When the government as in Kim Davis' case makes allowances for her to exercise her religious convictions then that "seems" to be a good thing. After all we are a country of religious opinions across the board and we don't want to violate people's religious convictions. However, if you work for Caesar then you have to follow Caesar's rules. Here is something from the Bible. Mark chapter 12:13 "Then they sent some of the Pharisees and Herodians to Him in order to trap him in a statement. (This is referring to Jesus). They came and said to Him, "Teacher, we know that you are truthful and defer to no one; for you are not partial to any, but teach the way of God in truth. Is it lawful to pay a poll-tax to Caesar, or not? "Shall we pay or shall we not pay?" But he, knowing their hypocrisy said to them, "Why are you testing

me? Bring me a denarius to look at. They brought one. He said to them, "Whose likeness and inscription is this? And they said to him, "Caesar's. And, Jesus said to them, "Render to Caesar the things that are Caesar's and to God the things that are God's." And they were amazed at him." (Mark 12: 13 - 17).

I don't think anyone should have to do something if they have moral or religious objections. However, if you are taking money from Caesar aka the government then there are some expectations. Actually, I've never worked a job that did not have expectations, guidelines and requirements, whether I liked them or not.

Personally, I would not officiate a wedding ceremony for a gay couple. This doesn't mean that I am opposed to equal rights. I am for equal rights and the equal rights of gay people. However, I don't personally support gay marriage. However, if I worked as a justice of the peace or in a governmental capacity I would feel like I had three choices: Perform the ceremony, resign or let

someone else carry out the function. Essentially this is what U.S. District Judge David Bunning has agreed to do for Kim Davis in allowing her deputies to grant the licenses.

Kim Davis has made her point. She has adamantly taken her stand for Christ. In no way has she backed down from what she says she believes. She has called attention to the importance of religious beliefs and Christian convictions. If she now tries to circumvent the clerk's office from granting licenses she has gone too far and should resign. People from Asia, India and the Middle East are flooding this country. Eventually these people will begin to hold public office. They too have religious opinions and they aren't all Christian views. Setting a precedent for not having to obey the law today will come back to haunt us down the road.

**Louis Kill, Editor**  
This is the first time in a number of years that there are more boys than girls in the senior class. There are seven in the class.

Fred Schatz, living two miles west of Green Isle, had a narrow escape from death one day last week. While hauling some lumber across his field the horses became frightened and started to run away and in trying to manage them he was thrown from the wagon, falling underneath the wheels which passed over his body. Dr. Farrell was summoned and found the man badly bruised but no bones broken. At this writing Mr. Schatz is recovering nicely.

The Sibley County Fair will be better equipped to house valuable live stock this year than ever before. Besides the poultry building and stock building recently built, they have added two fine new structures this year, one for horses and one for hogs.

The canning factory was forced to close down Saturday on account of a shortage of cans. A carload was received that day, however, and canning was resumed Monday. Another week or two remains before the pack is complete.

Barn Dance-Sunday nite, Sept 12th, in the new barn at the Art Mathwig place, 1 1/2 miles west of Green Isle. Good music. Everybody welcome to enjoy dancing in a new barn.

Pvt. Gilbert Kleist, son of Mr. and Mrs. Abe Kleist of this city, returned home last week from San Antonio, Texas. Gilbert served two years in the Army Air Corps., and received a medical discharge due to a knee injury which he sustained some time ago while playing football.

**September 9, 1965**  
**Val Kill, Editor**  
Fire destroyed a large barn on the John Yaeger farm, five miles east of Arlington, last week Thursday. By the time the Arlington Fire Department arrived the barn could not be saved. Firemen concentrated on keeping the fire from spreading to other building and they were successful in this despite the terrific heat given off by the blazing barn. The barn contained 2,000 bales of hay and 500 bales of straw. Nine pigs were lost. A chicken house attached to the barn was also destroyed. There were only about 500 chickens left out of 1,000. The loss was estimated at \$25,000. It was partly covered by insurance.

St. Paul's Lutheran School began its school year with a

The ball game was moved to Monday afternoon, Sept. 7 due to heavy rain in Watkins on Sunday evening, Sept. 6.

"This was a very evenly played match on a humid night in front of a great crowd from the two neighboring communities," said Sibley East head coach Chip Wolverton. "The floor was a bit slippery, which affected both teams at times. I thought we (Sibley East) started out a bit tentative, as we have a number of new starters playing significant

roles on the court. As the night went on, I was impressed with how well we hung together as a team to come back."

Wolverton added, "I was also impressed with our conditioning. We looked pretty fresh at the end of the match thanks to all the hard work the girls have been putting into our early season practices. Ashley Grack and Rachel Sorenson each did a solid job in the back row, enabling us to give some of our players some rest."

Sibley East, 1-0 overall, will host Norwood Young America at 7 p.m. Thursday, Sept. 10.

## Sibley East football team runs over G-F-W Thunderbirds 49-6

By Kurt Menk  
Editor

The Sibley East varsity football team, sparked by sophomore running back Kevin Durham, rushed for 410 total yards and ran over visiting G-F-W 49-6 on Friday night, Sept. 4.

The Wolverines took advantage of a short field and scored their first touchdown on a 1-yard run by Durham midway through the first quarter.

Junior Tanner Kurtzweg missed the extra point kick as Sibley East had to settle for a 6-0 lead with 5:03 left in the first quarter.

Sibley East scored its next touchdown on the last play of the opening quarter when sophomore Gavin Bates hit junior Leighton Rose with a 30-yard scoring pass.

Durham ran for the two-point conversion as the Wolverines extended its lead to 14-0.

G-F-W, after the ensuing kickoff, marched deep into Sibley East territory, but the Wolverine defense held on downs.

Two plays later, Durham took a handoff and raced 96 yards down the left sideline for a touchdown.

Senior Lorenzo Bortoletto booted the extra point kick as Sibley East took a 21-0 lead with 5:54 left in the second quarter.

G-F-W scored its lone touchdown on a 2-yard run by senior Angelo Metzger. The Thunderbirds were unable to get off the extra point kick as G-F-W climbed within 21-6 with 3:46 remaining in the second quarter.

The Wolverines, after half-time, scored three touchdowns in the third quarter.

Durham hit paydirt on a 2-yard run midway through the

third frame.

Durham also ran for the two-point conversion as Sibley East pushed ahead 29-6 with 5:36 left in the third quarter.

Durham found the end zone again on a 7-yard run about four minutes later.

Sibley East fumbled the snap on the two-point conversion attempt and had to settle for a 35-6 advantage with 1:38 left in the third frame.

Senior Quin Riffenburg hit paydirt on a 1-yard plunge early in the fourth quarter.

Bortoletto converted the extra point kick as the Wolverines climbed ahead 42-6.

Sophomore Jesus Rodriguez scored Sibley East's final touchdown on a 64-yard run late in the game.

Bortoletto booted the extra point kick as the Wolverines rushed to a 49-6 victory.

Durham sparked the Sibley East ground game with 31 carries for 251 yards and four touchdowns. Rodriguez had 125 yards on seven attempts and one score while Riffenburg had nine rushes for 34 yards and one touchdown.

Gavin Bates completed one of two passing attempts for 30 yards and one touchdown.

Rose had one reception for 30 yards and one score.

Senior Travis Schmidt led the Sibley East defense with six solo tackles, four assisted tackles and three tackles for a loss. Sophomore Jaden Podratz collected six assisted tackles, one solo tackle and one tackle for a loss. Rose contributed six assisted tackles and three solo tackles. Sophomore Lucas Chavez recorded five assisted tackles and one solo tackle while Voight registered a quarterback sack. Gavin Bates had an interception while Kurtzweg recorded one

forced fumble.

"It all starts up front," said Sibley East head coach Chuck Hartman. "The offensive line did a great job opening up holes. They have gotten better every week. They put together a nice game Friday. You can't single out any one of those guys and I don't think they would want me to. They are kind of the team within the team."

Hartman also praised the running of Durham and Rodriguez both of whom have hit the weight room in the off season.

Coach Mueleners did a nice job game planning and teaching the defense who to read and what adjustments to make," said Hartman. "I thought the defensive line controlled things up front allowing the linebackers to make plays especially Travis Schmidt. They hit some big plays on us, that's what spread offenses do, but our guys adjusted and made plays."

Sibley East will travel to Mayer Lutheran at 7 p.m. Friday, Sept. 11.
